DE ANZA

Carolyn's  
Class wouldn't  
be the same  
without you in it.  
I was glad to see you  
in summer school too. Hope  
to see you at a party, or  
dance, if you aren't already taken.  
Love Monty

# Maurilio Brandao

From Brazil

Although it is unknown to many students, De Anza High School has the privilege of hosting a Pacific International Exchange Student, Maurilio Brandao who comes to America from Brazil.

Living with a former DeAnza AFS host family, the Stanleys of El Sobrante, he will graduate with the class of '78 in June.

While America and Brazil are many miles apart, Maurilio has found there are many similarities. For instance, "Most of the music we listen to is English. My favorite groups are Genesis, Deep Purple, Led Zeppelin, and Queen. We have our own groups but we mostly listen to American."

"We have parties every weekend that my friends and I go to. The drinking age is 18 but if I ask my parents they will buy for me, however, I can't ask too much."

To obtain a driving license in Brazil, you needn't pass any test or take lessons. You only have to turn 18 and voila, you can drive.

Maurilio finds school here a lot easier even though his schedule includes classes like Calculus and Physics. "In Brazil, we have different subjects every day. School begins at 7:30 and lasts until 5:30 with 2 hours for lunch."

Maurilio attends a technical school because of extensive lab work which will be an advantage later as he plans on becoming a Neurosurgeon.

"The life style is different here. In Brazil, we have more people walking the streets at night without fear. It is easier," commented Maurilio.

The major sport in Brazil is soccer but Brazilians also enjoy swimming, volleyball, and basketball. And there, as well as all over the world, the favorite soccer player is the great Pele.

The big cities of America came as no surprise to Maurilio. Belo Horizonte, his home town, has a population of 2.5 million people which is quite impressive.

"Many women work in Brazil, but we have no active liberation movement. Just now we have divorce but it is too expensive for most people."

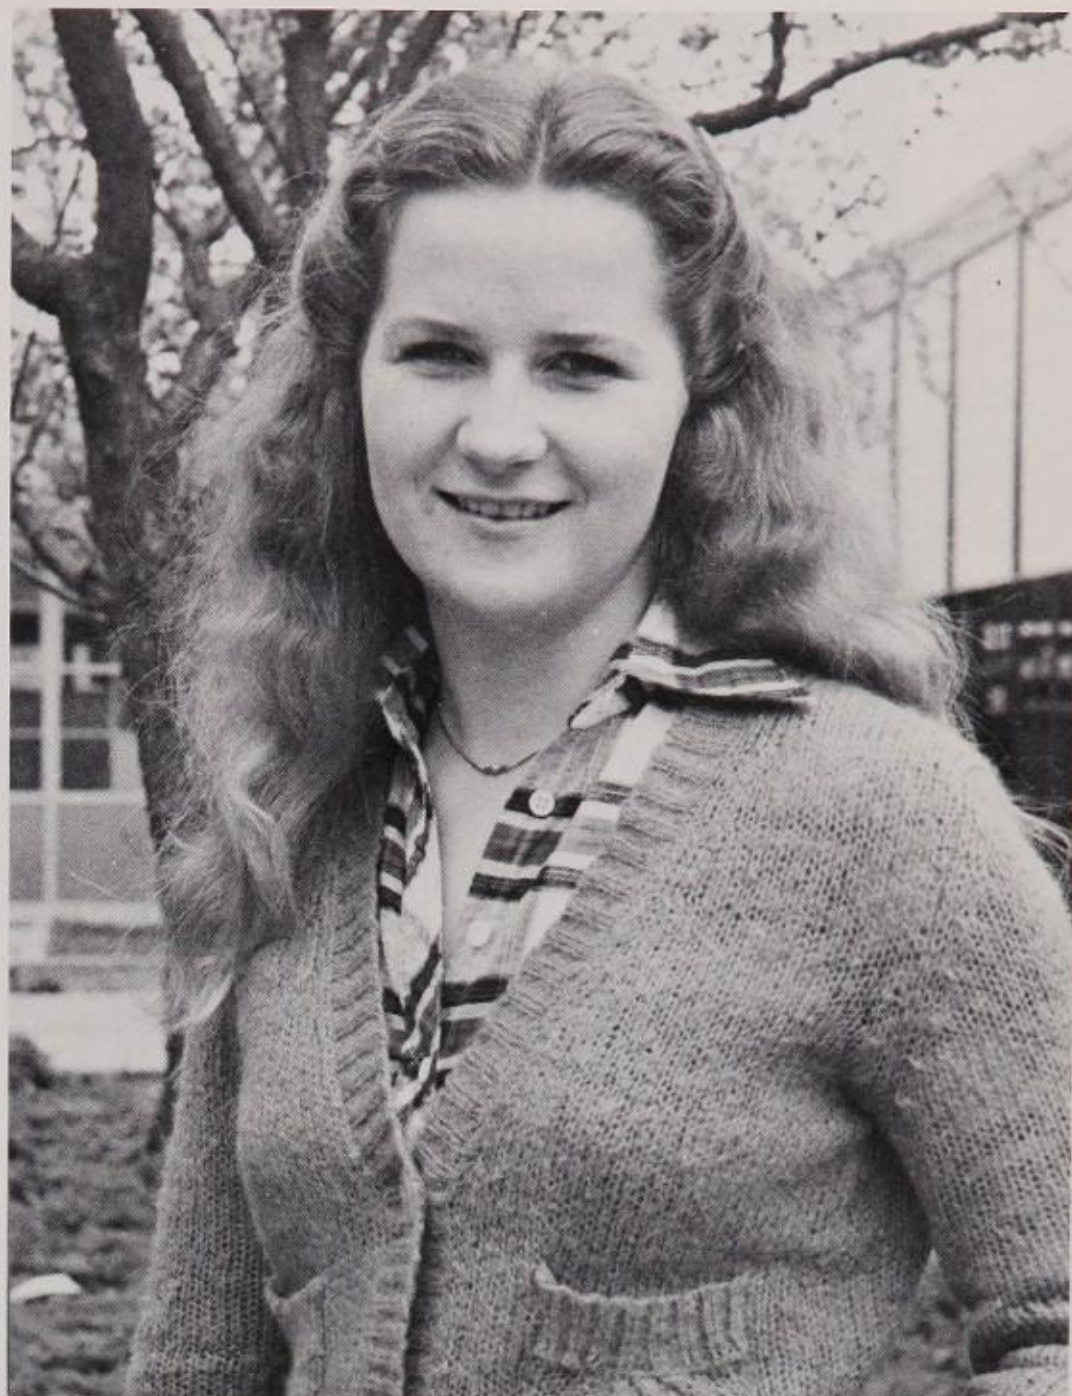

Although Maurilio enjoys his life here, he plans on returning home and attending college there. "Sometimes I really feel homesick. I feel to make friends depends on the person. I know people but not very well." The Stanley's children are all grown.

So, if you spot an unfamiliar face with a great accent, stop and talk and get to know an interesting person from an interesting place.

# Ingrid Holsen

## From Norway

This year DeAnza has the opportunity of hosting A.F.S. exchange student Ingrid Holsen of Norway.

Ingrid, 18, lives in Raufoss, Norway with her three younger brothers.

She arrived July 23, 1977. The Abshire family serves as her American hosts while she experiences the many different activities and excitements of being a senior at DeAnza.

Many of Ingrid's friends were exchange students and brought back many interesting stories of their A.F.S. experiences. This tempted Ingrid to go away for a year and get acquainted with another country such as the United States.

Ingrid's goal is to become an architect. "That has been my goal for the last few months," she confided. "I have also been thinking about becoming a farmer because my mother has a farm," she explained.

In her spare time Ingrid works in a youth group in

Norway where she served as president.

Ingrid enjoys popular music, especially the voices of Stevie Wonder, Chick Corea and Carole King. Presently, Chicago holds the position of most popular group in Norway.

Ingrid shared a few activities one could do while visiting Norway. There are special dancing places where everyone can go, and if you are 18 you may indulge in an alcoholic beverage.

'cruising' is a problem as the licensing age is also 18 and it costs about \$600.00 for a driver's education and training.

"Most kids can't buy a car before they're twenty because the cars are so expensive," Ingrid noted.

If you like sports, soccer provides another alternative. Ingrid boasted that in her home town they have one of the best soccer teams in Norway. Both girls and boys teams participate.

One other activity, the Inter-rail, is one of the most popular activities in Europe at the moment. It is a tour of Europe for an entire month for the low price of about \$130.00.

Ingrid has enjoyed her stay here in El Sobrante very much. We hope that when she leaves she will take many fun filled memories of the adventures still ahead for her.

A.F.S. Chapter President Karen Mason announced Ingrid will be available to speak to local groups in December.

"Although Ingrid is a member of the Abshire family this year, she is an ambassador to our community," Mrs. Mason noted. "Everyone is encouraged to have her over for dinner, include her in a weekend trip or family outing. This is the only way to broaden her experiences and give each of you a chance to meet her."

WAS

GREAT

Carolyn  
I know I just  
met you this year but  
as long as I know you  
I can tell you would be a fun person  
to be with so when Kevin & Shelly are gone  
maybe we could go out. Chemistry would be a lot  
without someone to talk to. (you) well I hope you  
have a very nice summer and I hope to see you next year  
Don't eat too many carrots

See you later  
Rich
